

**Minutes of the Neighbourhood Plan Steering Group at 11am on 14/12/17.**

**at 6 St Idas Close, Ide.**

Present. Chris Bishop, Nick Bradley, Roger Luscombe, Sue Cloke and Mel Liversage

- 1) At the last meeting we asked Paul Weston to strengthen Policy 07 (Gateway) which we had discussed at length. We felt that he had done this most thoroughly and that only one amendment was needed to emphasise the fact that the "Gateway" starts at the western end of the Alphington Junction rather than at Crabb Lane which is merely a rural bridleway. This then includes Round Field without naming it and we await a map to accompany the text.
- 2) NB had joined CPRE and CB has made telephone contact with them as well as sending the appropriate documents. We hopefully await a statement of support from them for Policy 07 and will include it at supporting statement 8.8
- 3) The group also needed to discuss correspondence received following the last Parish Council meeting on 15/11/17. CB and NCAB had drafted a reply which we considered carefully and amended as necessary.

The meeting closed at 12.30.
