SEPTEMBER 2019

The children will be back to school early this month and we will get back to our normal routines, but hopefully we will still have some summer weather to enjoy. The Ide Produce Show will take place in the School Hall on Sunday, 15th September, see page 11 for full details.

Thank you to all the volunteers who deliver the Ide Times, but particularly to Robin and Angela who have kindly delivered to The College and to part of the High Street for many years. They are moving away and we wish them every happiness in their new home. Would anyone like to take over delivering the Ide Times to that part of the village? If so, please contact either me or Sue Campbell.

Items for the October Ide Times should be sent to me, Brenda Spivey, by the 20th September - brendaspivey123@btinternet.com

Pynes Community Orchard: The working group met on 7 August 2019. An application for organic status has been lodged with the Soil Association with a view to approval by 1 January 2021. HOW TO USE A DEFIBRILLATOR

Further to the demonstration of the new defibrillator from Cardiac Science earlier this year, another session is planned by South West Ambulance Service. This will cover what to do from making the 999 call through to using the defibrillator during a cardiac arrest incident. It is an AED type defibrillator as installed at other parishes including Tedburn St Mary, Whitestone and Ide.

Using the defibrillator to restart the heart after a heart attack, during what is sometimes called the golden half hour can save lives, so it is a really worthwhile training session.

All are welcome – no matter where you live...

There will be a talk/demonstration by
South West Ambulance Service

At **Longdown village hall.**

IDE COMMUNITY SHOP AND POST OFFICE

Welcome to your community shop and post office update for September. We hope that you have had a great summer, fingers crossed the sun will continue to shine for a while yet.

Hopefully if the weather stays warm, you may be able to get outside and enjoy a BBQ. At the shop we have another supplier of lovely local sausages; Chinn's are produced in CREDITON. Where possible we always try and source products locally, to try and reduce our carbon foot print and support our wonderful Devon businesses. Don't forget we are also able to supply eco-friendly, sustainably produced locally made BBQ charcoal.

Trying to keep in tune to what is happening in our community, locally, nationally and internationally we were interested to hear about a recent UN report on land use and climate change. The report says that the West's high consumption of

meat and dairy produce is fuelling global warming. They said, "That more people could be fed using less land if individuals CUT DOWN on eating meat." If you feel that you would like to have more of a plant based diet, at the shop we are trying to provide some products that will hopefully meet your needs. Such as Quorn, Soya and almond milk, vegetarian pies and savoury snacks as well as Soya based desserts. Please do let us know if there are any products

you would like to see on the shops shelves.

With the start of the new school year fast approaching we thought we would remind you that we have many school stationery supplies available to buy in the shop. Along with, packed lunch foods and quick and easy meals for after school, how about a bottle of wine or chocolates to celebrate going back to school!

September in the village sees the return of the Ide Village show. Will you be baking and making to take part? We have lots of fine flours, and ingredients for home baking as well as jam and chutney pot covers. Pickling vinegar and much more.

A last thought "When one neighbour helps another we strengthen our community".

Wildflower Meadow talk by Audrey Compton
8.00pm September 11th in Ide Memorial Hall

Audrey has worked on the land for most of her life and runs a farm near Chudleigh. She specialises in preserving and establishing wild flower meadows and gives advice to gardeners and farmers on how to do this.

This talk has been organised in response to the loss of wildflower meadows nationally, about 97% have been lost over the last 60 years.

Wildflower meadows are a great home to bees and insects. Can we establish some areas of wildflowers here in our parish—whether a small patch in your garden or a larger area somewhere in the village?

This talk has been organised in conjunction with the Parish Council's Climate Emergency Working Group(CEWG)

Andy Bragg, CEWG

SWALLOWS UPDATE

Looks like Good News as the swallow parents are sitting on a second clutch of eggs. Interesting thing is that they decided to change nests to one at the other end of our car port which had not been used for quite a few years. I had been hoping to announce the arrival of chicks for this edition but although they have been sitting for nearly two weeks we are still waiting.

Such a welcome. Bert set the afternoon going with some novel questions creating much discussion and laughter. Answers given some giving further questioning ! Then Lorraine came up with the idea of each table putting a question to everyone else which created more amusement. Time for tea and what a spread, all in all it was a really good afternoon, our thanks to the Addicott family for their hospitality. August no meetings, family and holiday time.

Ide Primary School really needs some Volunteers

Helping a child learn to read is immensely rewarding.

So, if you have some time (as little as half an hour a week) and get on well with children, Ide School would love to hear from you. We want to support all of our children to quickly increase their reading fluency, expanding their vocabulary and preparing them to read with confidence and enjoy the wonderful world of books!

If you can help, you will be prepared with a little training so that the sessions are providing the sort of help that the children need. You would also need to be CRB checked - a straightforward process that the school will take you through. If you think you might be able to help, it would be lovely to talk to you. Please contact me via the school office on 01392 259964.

Many thanks

Alice Purcell (headteacher)

For a number of years school funding has been falling, leading to shortages of just about everything.

However, many organisations offer grants which can really make a difference.

We would like to recruit a small team of volunteers to work with one of our governors to evaluate the different grants on offer and fill out some application forms. Most of the work will be done at home and you would only need to commit as much or as little time as you have available.

If you think you might be able to help please contact me,

Malawi fundraising thank you!

Thank you to everyone who contributed towards my fundraising efforts for my school trip to Malawi in July. I had the best time and it was an experience that I will never forget.

During our visit we spent time helping the volunteers in the orphanage where we washed clothes, bathed and fed the

babies, and played with the older kids. This was a welcomed relief to the volunteers as they give up their own time to look after the children 24/7.

In the village of Mtunthama we taught the children in the Kindergarten, played games, and read stories. We also visited the local hospital where we tested blood and counted pills. As well as this, we were involved in anti-natal checks, scanning pregnant women and carrying out health checks. Then we weighed and measured toddlers and their mothers to assess how malnourished they were. This was difficult to see and it made me appreciate everything we have access to in England.

We took many cases of donations for the local community like nappies, books, toys, clothing, stationary, sanitary protection and sports equipment. It was amazing to see the appreciation from receiving these donations as it makes a huge difference in their lives.

Towards the end of the trip we had a welcomed break at lake Malawi which was beautiful. We also had a few days on safari where we saw Elephants, Monkeys, Impala, hippos and much more.

This was the trip of a life time which was made possible by those who supported my fundraising, thank you so much to each and every one of you. This was an experience I will never forget.

WEST TOWN FARM NEWS

We've had a busy August but this has been made easier by our amazing volunteers we have on the farm at the moment. Megan is with us for 9 months on a work placement. She is studying agriculture and coming to put her learning into practice. Samira, Justin and Rachel are our three woofers this month. Such a lovely bunch and we're learning lots about their experiences of organic farming in America. We went off on a farm day out to the Okehampton show. Nice to get away and see other animals, taste other farmers produce and watch ducks being herded by sheep dogs.

Our event of puppetry and folktales performed by 'Hedgespoken' went really well. Everyone felt like they had been transported back in time. There is certainly something very special about storytelling. We are hoping to have them back next year with their new show.

Our rainy wedding went well, despite the unsettled weather! Everyone was fantastic about it and pulled through together..

Our two newest piglets are causing quite a stir. They've managed to escape every other day! They seem to be immune to electric fencing. They often sit on the wrong side of the fence mocking us. I came in one morning to find them just chilling out in the office. Pigs have such amazing characters and these two rascals are certainly very smart.

The apple trees are full of fruit and our damsons have made many pots of jam. The pumpkins and squash are growing quickly. We've got a few different varieties this year...Autumn will be here before we know it.

We'll have fresh beef and bacon from 5th-7th September. Come have a gander at the farm fridge. Otherwise our freezer is always fully stocked.
