

APPLICATION TO IDE GROWERS FOR GRANT FROM IDE VILLAGE FUND

On Sunday June 19th Ide Open Gardens takes place. It is organised by Ide Growers and unlike the village show and Plant Swap, it aims to bring people into the village from neighbouring communities- as well as Ide itself.

It was last held in 2017 and was widely felt to be a success. It raised hundreds of pounds for village projects and St Petrocks - as well as fostering a sense of community within the village.

We have approached Stormpress to see if they could produce a flyer and some posters for us. We are waiting on a formal quote from them, but we believe a polished, professional looking item will help engage people beyond the village.

We also plan to approach Ide Community Shop.

Mark Thomas
