IDE COMMUNITY ORCHARD

At 4.30am on Friday 21 June, a group of insomniacs and romantics met at the top of the orchard to watch the sun rise and mark the summer solstice. We are soon to install a kissing gate beside the main five bar gate at the entrance to the orchard, to prevent exuberant children or dogs running out onto the road on their way home. And a series of information and interpretation boards are being designed for display around the Orchard by the autumn.

WEIR MEADOW PLAYING FIELD AND THE NORTHERN FIELDS

The specialist grass planted in Weir Meadow has now been mown several times. It's coarser than we had hoped, with some bald patches because the wet spring and early summer did not allow the contractors to remove the first cuttings. But it's now growing fast. Four picnic tables and a bench have been assembled and installed, with six more tables to follow. The artificial cricket wicket is to be laid in August; and the cricket and football pitch areas will be marked out in July. Plans are well in hand for the first annual Ide Revel, to be held on Saturday 7 September 2024. There will be sports activities, live music, games, food stalls and bar and much, much more – so look out for further details. We submitted an application in mid April for a Woodland Creation Planning Grant for the Northern Fields and are still awaiting a response. We have also submitted an application to the Sport England Movement Fund to pay for a wide area rotary mower, and again await their response.

PLANNING MATTERS

IDE COMMUNITY SHOP & POST OFFICE

Apologies that we had to change the date of the AGM. The new date is Friday 20th September in the Village Hall at 8pm. Do come along and hear about the last year in shop world if you can.

Are you new to the village? Have you visited the shop yet? If you haven't, we would love to see you and give you a warm welcome and show you the shop and the wide range of local and other products that we stock. Please don't fall for the line that community shops are more expensive: on a lot of lines like Burt's Crisps we are the cheapest in the area, including Sainsbury's by quite an amount.

We regularly check our prices against the supermarkets and lately a lot of lines – including branded lines are actually cheaper here - and that is before you take into account the fuel and time savings. Also, by supporting the shop you support other community activities in the village that the shop support as well as a great number of local growers and producers. Also, the shop is the hub of the village and a great place to meet people and hear all what is happening in the village. You are a person in the shop – not a beep through the till like impersonal supermarkets.

There are lots of ways to get involved in the shop both up front and behind the scenes and we welcome all sorts of people to join our happy team – and there is a niche and role for everyone – with as much or as little commitment as you like. We are very blessed and fortunate to have some great people who have worked hard for the shop for a very long time – but at some point they will need to retire and have a well-deserved rest, so we welcome interest from anyone who might want to help in specific role in the shop, or have a set skill base to do a role that needs to be done each week. These roles are vital to shop life but are not widely known. So again, do tell us if you have a skill or trade that could be useful to keep the mechanism of shop life turning long into the future.

A reminder that the postman has to leave us at 5pm and is on a tight schedule so cannot hang around for late post. So please do come down as early as you can so we can get your post away. Don't forget with our new extended opening you can

avoid the afterschool rush as well now by coming down earlier. We get good commission from the Post Office on banking transactions at no cost to our customers. So please do consider using us if you can as every extra banking transaction really does help the shop.

We still have over 350 of our handmade cloth bags out and about in the village somewhere. People kindly donated the fabric to make these bags and Janet organised a fabulous team to make them so they could be of use to our customers and we could eliminate plastic bags from the shop but sadly people are not returning them. Please can you check your cars, sheds and cupboards etc to see if you have one (or more) of our cloth bags and bring it back to the shop - ideally to fill up and reuse as that is what they were meant for. Thank you for your help on this.

Zetta

Got a Motorcycle? Full licence or L plates, male or female, young or old as long as it's two wheels it doesn't matter.

We have created a relaxed friendly local motorcycle club based in Ide and are looking for members to join and get involved. Anyone can arrange ride outs near or far, or just a quick coffee stop at Bridge. So, if you are local, or based in or around the surrounding areas of Ide please give me a text or a call and find out more. We have a private Facebook group and a WhatsApp group chat so please make sure you have one or both of the mentioned platforms and get involved.

Thank you and ride safe.

Ide Art Group

Eve Jennings 1925-2024

I know many will have written about their memories of Eve but I would like to add to those memories as among her many other talents, she was also a valued member of Ide Art Group right from the very early days.

Eve always produced vibrant, sometimes startling paintings with her bold choices of subjects but mostly her amazing use of colours! Eve was not ready to be the retiring little old lady, she embraced art for the joy that it brings, she revelled in lively, joyous paintings which she always felt were not good enough. In fact of course they were just like Eve herself, full of life, individual and pretty near perfect.

Eve came along to be attend Art Group long after she felt able to paint but she had coffee and biscuits, chat and companionship and we will miss her very much. Sleep tight dear Eve.

Penny Smith

Penny Smith founded the Ide Art Group. A talented artist herself, she inspired and helped everyone else enjoy and improve their work over many years. We were sad when she moved back to her beloved Cornwall to join her 2 daughters, but delighted that she still keeps in contact and occasionally pops in to see how we are getting on. She did rather more than that last week coming in to give us a day's workshop. We all found the harbour scene she did with us challenging but all agreed that we learned a lot, finding her (to no one's surprise) to be a very good teacher. We are pleased that she also very much enjoyed the experience and will we hope return to challenge us again soon.

This was our challenge!

Ide Art Group meets in the Memorial Hall, every Tuesday from 10am-12 noon. Anyone is welcome to join us by just turning up. Mostly we work on our own individual pieces but occasionally we have full day workshops led by a visiting artist. The calendar for these is displayed in the Hall together with details as to how to join us for one of these sessions.

Ide School News

Thank you to everyone who so generously sponsored me for my Great West Run. I managed to raise £1250 for Friends of Ide School - which was way more than I had hoped for!

The run itself was really enjoyable. I wore a t-shirt covered with encouraging messages from Ide School children and made sure to eat any jelly babies offered or hands held out for 'high fives'.

I know FIS and Ide School also really appreciate your support and it's great that so many people in the village contributed to a fantastic cause.

Mark Thomas

The staff and children hugely appreciate that Mark wanted to run the Great West Run to support the school and are amazed and overwhelmed by how much he raised, with the support of the local community. The children will be involved, along with FIS, in deciding how this significant amount of money will be spent to bring even more fun and enjoyment to school.

Even if you no longer have children at the school or have no previous connection with the school, please know that you will be very welcome to join us at the FIS Fest on Friday 19 July

On Thursday 18th July at 7pm we will be meeting together for Coffee, Chat and Challenge

A time for discussions and reflections relating to the Christian faith.

This month we're looking at Mark chapter 6 in the bible

Everyone welcome, and there's always food!

Church With A Difference Sunday 7th June 2024

The Eco Crisis

A 'Symphony to the Senses' greeted us on arrival; Spring sunshine flooded through the windows filling the chapel with warmth and light; a mouth-watering aroma of toasted treats drifted through the air; the buzz of lively chatter and laughter filled our ears and a table laden with toasted treats and every imaginable spread delighted our eyes!

orange marmalade
chocolate spread
chocolate and orange spread

peanut butter and
LOVE IT OR HATE IT - MARMITE!

Christianity teaches that God created the world, giving humans a special place and a purpose in it. Most Christians believe that the purpose of humanity is to look after the world that God created - that we are 'custodians' not owners. The current ECO crisis clearly indicates that we are not doing a very good job! So, how can we respond to the crisis? What can we 'ordinary folk' do to help lessen the impact? Discussing this in groups around the tables was the task given to the adults.

Children's Activity:

Decorate a Balloon.

Noah, in keeping with the theme of the service, chose a blue balloon to represent the world's oceans and seas, which are becoming increasingly polluted. He then, very diligently, filled the oceans with all manner of sea creatures: dolphins, whales, sharks, turtles, seahorses, penguins, octopi, crabs and fish.

And completed his art work with an ocean picture!

Well done Noah!

These are just some of the ideas put forward:

- Grow food and buy local
- Plant wildflowers
- Recycle and re-use
- Use rain water to water gardens
- Fill a kettle with what is required
- Don't keep tap running when brushing your teeth
- Switch off TV's and lights when not in use
- Use less water - fill the kettle with required amount, take shorter showers,

If you have any other tips you wish to share, note them down and post them through the chapel door and they'll be included in the next report.

Steve Voysey reported that, on a recent visit to his farm, Devon Wildlife Trust identified 75 species of wildflower in one of his meadows, which is excellent news for the bees and butterflies and for the planet! And, on that encouraging and heartening note and after a rousing rendition of the traditional hymn 'How Great Thou Art', we stepped out into the glorious sunshine with a 'spring' in our step and headed for home.

Did You Know?

That according to the UN's Environment Programme, it takes approximately 3,781 litres of water to manufacture one pair of jeans!!!

JUBILEE CLUB

As I write this, I am reminded it's the Summer Solstice and we have been blessed with warm sunny days.

It was time to be off to Longdown Hall on June 10th for our Strawberry Tea. Helpers were there early busy preparing the delicious local strawberries and the afternoon was well-supported. Children from Christow Primary school came to entertain us with their singing. Led by Rebecca Squire there was a challenging selection of songs, a solo sung in Latin and they had us joining in with the chorus of "Cockles and Mussels".

Our resident poet Nora read an amusing ditty "Scottish Mother's letter to her son". Thanks to everyone for the wonderful support for the draw and stall.

Not being a resident of Ide myself I would like to add my thanks to Ann, Brenda and helpers for the work to produce and deliver the Ide Times. I will just add my connection, my Great Grandparents lived and farmed at Drake's Farm.

Diary Dates

July 8th Outing to Padstow leaving Ide at 10.30 am. Fare £20 we welcome your support without which these trips would not be possible .

July 22nd A meeting to be held either at the home of Marge Addicot or Longdown Village Hall dependant on the weather. There will be a quiz.

No meetings in August

September 2nd, We meet again with Bingo.

Fete on the 8th June – Thank you to everyone who made it such a successful occasion. Two tents were put up on the Friday and the rest on the Saturday morning. Tables, chairs and hay-bales arrived as well as bunting on the Saturday and by 2pm the Green was crowded with people, children and dogs. Our thanks go to Richard Sharman who was the judge for the Dog Show and his able helpers. The coconut shy and hoopla were great attractions and Zetta had some fun activities for the children too. The teas, bar and BBQ all did a roaring trade and not much was left by the end of the afternoon. We all enjoyed the tug-o-war and egg throwing.

The afternoon raised £2,200. The money raised by the bar went directly to Ide Green Spaces and is not included in the £2,200. The money raised by selling the eggs, together with £300, is being donated to Exeter Food Bank and a decision will be made within the next few days regarding other charities to be supported. The event is only possible because so many people are kind enough to give up their time and energy to make it such a success. Thank you.

Sabbatical – Mike Partridge will be on sabbatical leave during July, August and September. During his absence Adrian Butland, our Curate, and Vron Lee will be taking Communion Services. We hope that Mike will enjoy his sabbatical and find it a rewarding and stimulating time. We understand that he will be doing a pilgrimage through Spain to Santiago de Compostela by bike at some stage during the three months. We hope it won't be too hot and that he doesn't get a puncture!

IDE COMMUNITY ORCHARD

Well done to everyone who made it up the hill for our second 'Solstice watch'. The sun (eventually) came up. It was lovely seeing so many people - it was just a pity the sun chose to hide behind clouds for so long...

It was very special to hear the birds start their day and watch the bats finish theirs.

See you same time next year for more early morning shenanigans!

Anyone visiting the Orchard can't fail to have noticed how high the grass is. We're planning to cut it just once this year - and to take as much of the cut grass away. This will hopefully encourage more wild flowers. We're also planning to plant lots more bulbs in the autumn - and will be keen for volunteers to help us bring more colour to the Orchard.

The orchard is full of birdsong right now and I can recommend using an app called 'Merlin' next time you are up there. It identifies the many birds who fly over, hang out there or call it home.

Over the next few months watch out for a Kissing Gate to make the entrance a bit safer.

We hope you enjoyed the Northern Lights photos taken in the Orchard back in May. While I would love to take the credit for them, they were actually taken by Chris Rice. Great pix, Chris!

Mark Thomas on behalf of Ide Community Orchard

Hill Crest Rewilding

Today we were very pleased to host a site visit by members of Devon Rewilding Network and others, explaining the history of the site at Hill Crest and showing them the ongoing nature restoration work we started back in 2012, including the woodland planted with Moor Trees in 2017/18. There were delicious cakes and much discussion about rewilding, people, sheep, and wolves! It was a very enjoyable and inspiring day. Thank you to

all involved in organising it and helping out.

Richard and Kate Morley

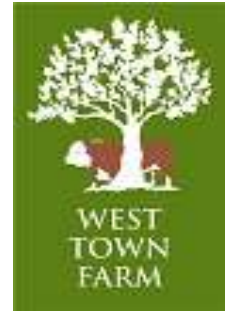

Some of us from Ide took the 'long' drive out to Longdown (well it would have been shorter if we hadn't missed Kate's strategically placed sign) to find out how Kate and Richard's rewilding project is progressing. It was a totally fascinating day and we all learned a lot about the potential of rewilding to heal the natural world.

Last year's State of Nature report lays bare the stark fact that nature is still seriously declining across the UK, a country that is already one of the most nature depleted in the world. Since 1970 UK species have declined by nearly 20% on average, and almost 1 in 6 species are now threatened with extinction. It was genuinely inspiring to find out how one couple's dedication to reversing this decline and the dedication of all the others involved in larger and smaller projects across the country is making a difference. The importance of connectedness was also made clear, working with neighbouring land and garden owners to create the wildlife corridors essential for sustainable wildlife populations. If you missed the event but would like to know more about the project's successes, you can find out more on Rewilding Hill Crest's facebook page. Like many of you, I worry about the world we are leaving our children and grandchildren and the impact on mental wellbeing that is already affecting them. We need the good news and hope which projects like this can provide. The cream tea with wonderful scones and brownies also did a lot for morale! Many many thanks to everyone involved. (Editor)

WEST TOWN FARM NEWS

Local, Organic, Sustainable

It's mid June and we have a lovely bit of sunshine for a few days. We provide food for the cattle and sheep in the winter. We need 5 days of sunshine and no rain. It's a risk because the weather forecast seems to change at the drop of a hat these days. If it rains on the grass after 2 days, the grass deteriorates in feed value considerably; basically the nutrients of the grass/ hay get washed into the soil. So fingers crossed for the farmers.

ac

June is my favourite month of the year; full of hope, new life, growth and bounty. The flowers at the farm are all out in bloom. The honeysuckle and the roses in the farmyard are looking gorgeous.

The first young swallows are fledgeling and finding their first wings. The swallows love our old farm buildings to make their nests. Especially the farm shop, which is always a bit of a surprise when walking in.

Kate and Simon have finished lambing the sheep now and the calving the calves finished in May. Now all she has to do is to keep them fit and healthy. Looking after 70 lambs and their mums and 10 calves and their mums as a stockperson this is a fulltime job.

The bell tents are up in Easterbrooks, they look amazing. These will be available soon to hire. Keep an eye on our facebook.

The farm shop is full of sausages (you must try the sage and red onion...amazing!), mince, steaks and our homemade burgers. We also stock a variety of chocolate, soft drinks, local honey, eggs and milk. Pop in for a gander and also stop to take in all the birds in the yard.
