I would like to volunteer for this work to benefit the local community, bring my knowledge and experience to the role and to further my qualifications.

In my work in conservation and as a Forest ranger and Professional Tree Inspector, I have carried out a number of the duties listed on the Community Road Warden pack as part of my roles in my career. I have installed site furniture such as finger posts, managed roadside trees and hedges and have my own tractor and flail for grass cutting.

In these roles I am fully qualified and have my own Public Liability Insurance if this is of help.

I would like to increase my knowledge and skills by learning to fill pot holes and use road signage to ensure a safe working environment.

In carrying out the duties of the role, I would work in a safe manner and already have my Outdoor First Aid level 4 qualification as well as attendance on a ROLO Health & safety course.

I have some of the required tools for the job already and relevant PPE.

I will carry out any required training required to fulfil the role.

I will be happy to perform any required activities that the role would require.
